# WHAT THIS COURSE BUILDS

The course is designed as a practical path: learn the concept, see its market context, then apply a disciplined decision process.

|    |                                            |
|----|--------------------------------------------|
| 01 | How Indian stock markets work              |
| 02 | Demat accounts, instruments and orders     |
| 03 | Fundamental and technical basics           |
| 04 | Risk management and portfolio construction |

# HOW YOU LEARN

- 01**      **Structured concepts**  
Build the language and framework before making decisions.
- 02**      **Guided examples**  
Connect every idea to a market situation and a clear next step.
- 03**      **Practical application**  
Use the framework to form calmer, repeatable decisions.

# BENEFITS OF LEARNING THIS PATH

- + Build a calm, repeatable investing process
- + Read market information with context
- + Create a practical first portfolio
